Deskripsi Aplikasi:

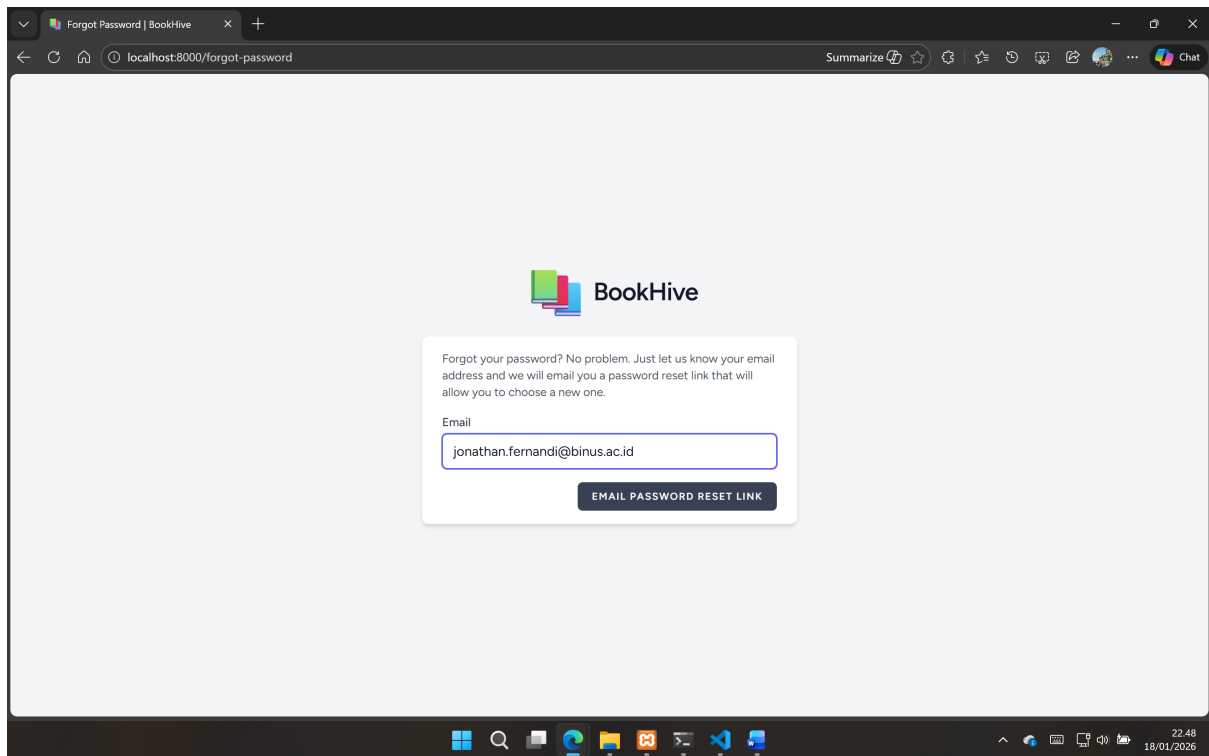

BookHive merupakan web application untuk layanan peminjaman dan pengelolaan buku untuk mendukung Sustainable Development Goal (SDG) 3: Quality Education.

Manual Guide:

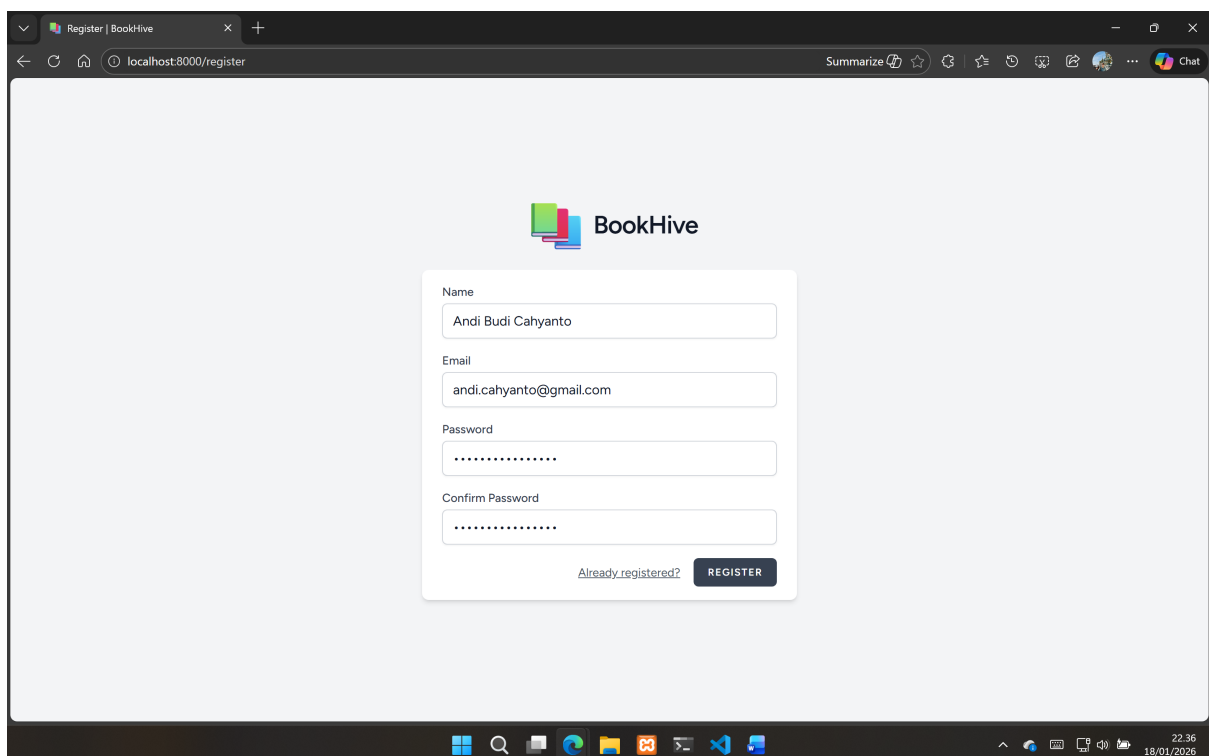

Saat pertama kali mengakses BookHive web application, user akan diarahkan ke Login page. Untuk log in ke dalam account, masukkan account credentials (Email dan Password), lalu klik Log In button. Jika ingin BookHive mengingat log in session, centang Remember me.

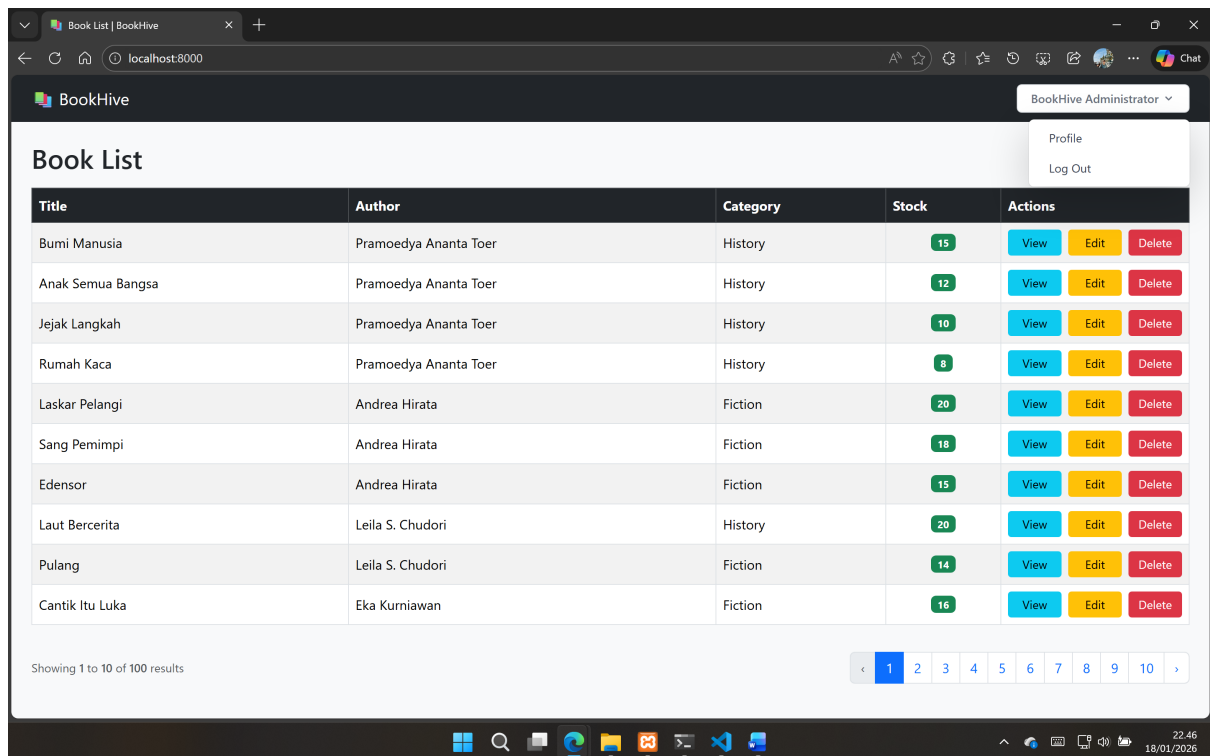

Apabila user lupa account password-nya, klik Forgot your password dan akan di-redirect menuju Forgot Password page. Masukkan account email, lalu klik Email Password Reset Link button.

Apabila belum memiliki account, klik Don't have an account yet? dan user akan di-redirect menuju Register page. Untuk membuat new account, isi seluruh credentials yang diperlukan (Name, Email, Password, lalu Confirm Password), kemudian klik Register button. Jika sudah memiliki account, klik Already registered?. User akan di-redirect menuju Login page dan otomatis ter-register dengan role user.

Setelah Register atau Log In, user akan di-redirect ke Book List page. Pada navbar, terdapat dropdown menu yang berisi Account Name, Profile button, dan Log Out button.

Apabila ingin melihat dan meng-update Profile, klik Profile dan user akan di-redirect menuju Profile page. Untuk mengubah Profile Information, edit Name and Email fields, lalu klik Save button.

The screenshot shows a web browser window with the address bar at `localhost:8000/profile`. The page title is "Profile | BookHive". In the top right corner, there is a user dropdown menu showing "Andi Budi Cahyanto". The main content area has two sections:

- Profile Information**
Update your account's profile information and email address.
Name:
